

Brentwood Union Free School District
Kevin O'Reilly, CAA
Director of
Physical Education, Health & Athletics

Dear Joe Campo,

On behalf of the Brentwood Board of Education, Central Administration and the Brentwood Athletic office we would like to congratulate "The Gov" on this special night January 18, 2008.

Earl Campbell, NFL Hall of Fame Running back said, "Somebody will always break your records. It is how you live that counts".

Well "The Gov" has one of the most outstanding coaching records in New York State but it is the way he taught his athletes how to live that has such a profound positive effect on the past and current athletes that walk the halls of Brentwood High School and now will enter the Joe Campo Gymnasium forever.

The Brentwood Athletic department provides teams the opportunity to make memories and history that could last a lifetime. We are also, in charge of remembering and keeping the history a part of Brentwood athletics that is why I would like anyone with Brentwood athletic history to please email me (koreilly@bufsd.org) with pictures or positive stories in order for the department to display this information on our website. The web address is www.bufsd.org go to departments and click on athletics and you can be connected to Brentwood athletics.

Once again, I would like to thank you for your service, participation and your unwavering support for Brentwood Wrestling that has contributed to its success. Congratulations to Joe Campo and to the Brentwood Wrestling and Football programs.
